1 Introduction

As required by the LIFE Program, and in order to achieve a good diffusion of the project among the interested parties and general public, the project will have its own full web site which will include all the information created throughout the life of the project. This web site will be structured so that the user can obtain access to all relevant information (its objectives, actions, advances, press releases etc).

2 WEBSITE

A project website with an own logo managed by CEAM has been created in which relevant information of the project is shown

The PHOTOCITYTEX webpage was released into the web on September 15th.

The webpage is available at <http://www.ceam.es/PHOTOCITYTEX/home.htm>

A screen shot of the webpage is shown in figure1.
