**LIFE PHOTOCITYTEX: AIR POLLUTION TREATMENT IN EUROPEAN URBAN
ENVIRONMENTS BY MEANS OF PHOTOCATALYTIC TEXTILES**

CONTENTS

1. INTRODUCTION..... 3

2. DESCRIPTION 4

3. CONCLUSIONS..... 6

1. INTRODUCTION

Notice boards are going to be printed to be shown in partner's headquarters including project and LIFE logo.

Two notice boards are foreseen:

- At the beginning of the project: This will contain general information about the project and the partners.
- The last one will contain information about the project results.

2. DESCRIPTION

In this deliverable, is developed 1st Notice Board. It contains general information about the project its objectives and the project partners.

This Notice Board is widespread among the partners that display in their headquarters. Also this plan to show this notice board at events with topics related to the project such as:

- The most important events of the textile sector.
- The international congress and/or workshops in Europe related to photocatalysis, atmospheric pollution or atmospheric chemistry.
- Others: Seminars, meetings, congress, in the exhibitions halls of the partners,...

Informative poster with the main objectives of the project

This scheduled the edition one "Notice Board", according to plan:

Name of the deliverable	Number of the associated action	Deadline
Notice Board	D.D.3.2	30/04/2017

3. CONCLUSIONS

All partners use the notice boards as tools to publicize the project and its results, in their headquarters and in any event related.
